LED Safety Signage

Workplace Safety Signs for:

- Loading Docks
- Manufacturing Floors
- Medical Imaging Rooms
- Parking Lots and Garages

Loading Dock and Workplace Safety Signs

Whether you're in shipping and receiving, on the production floor, or in a testing lab, safety is important. Use brightly illuminated LED signs to safely direct truckers to the available loading bays, control access to secure areas and alert workers and visitors to risky situations.

TCIL Series: Replaceable LED Light Source

When you need a LED Signal with a replaceable light source the TCIL Series Traffic Controller is the right choice.

Each Traffic Controller includes a replaceable LED circuit board and hood assembly.

The body of the signal is an injection molded housing with hoods and includes two colored lenses that match the LED color to intensify the illumination.

Available in either a vertical or horizontal orientation and are perfect for wall, post or overhead mounting.

Signals are available in any combination of red, green, blue, amber or white.
